

PIN Pharma to Present at 2016 New England Venture Summit

(New York, NY) December 5, 2016 – PIN Pharma, a pre-IND immunotherapy company focused on modulating the immune system in oncology, today announced it will be presenting at the 2016 New England Life Sciences Summit 2016 on Wednesday, December 7th at the Hilton in Dedham, Massachusetts.

About PIN Pharma, Inc.

PIN Pharma is a pre-IND stage venture backed immunotherapy company focused on the development of PINS (precision immune stimulants). The lead compound PIN-2 is a first-in-class, novel, next-generation engineered peptide that empowers the immune system *in vivo*. The Company's technology primes the innate immune system to modulate adaptive immunity thereby generating and expanding antigen-specific cytotoxic T-cells *in vivo*. The company is advancing PIN-2 to the clinic early first quarter 2017.
